Forecast for Wednesday 02 Sep 2020

Weather: A cloudy day with outbreaks of rain. This often fairly light but with some heavier outbreaks moving through. The odd rumble of thunder is possible with the heaviest bursts of rain, more likely in the early afternoon. Becoming dry with cloud starting to break around midnight.

Chance of cloud free mountain/hill tops above 700m: 20% or less with the tops likely to be in constant cloud.

Visibility: Mostly good away from cloud in the morning but becoming moderate or poor in heavier rain in the afternoon and evening.
